

About Anthony Patch

Born again Christian since age 16. Non-denominational. Witness and Servant of our Lord, Jesus Christ.

Not a Prophet.

62 years old.

Retired after 27 years, as a Private Sector Paramedic in Oakland, CA
Former Military Police Officer in Nuclear Surety, and Field Medic

Born in Berkeley and attended U.C. Berkeley. Very familiar with and associated with the Berkeley "Rad Lab" of Dr. Lawrence and his Cyclotron.
Physics has always been a hobby.

Focus upon CERN began in 1983.

Began writing first novel, Covert Catastrophe in June, 2012, self-published November 2012.

Published 2048: Diamonds in the Rough, November 2014.

Third novel in trilogy due out in November.

Not here to spread fear.

My mission is to expose evil at work, and to call upon others to seek out Jesus as their Savior.
