

About Dana Durnford

I spent 20 years commercial fishing this included every commercial industry on both oceans in Canada. I also have 14,000 hours underwater as a commercial diver and was the captain/ lead diver of over a dozen multimillion dollar commercial dive boat operations. I studied nuclear for 8 years where I amassed 7000 lectures on Nuclear . Since Fukushima I have accumulated 25,000 supporting documentations concerning Fukushima event and I have 5000 pictures of the reactors from Fukushima and have produced over 500 1 hour video presentations about nuclear.
