

## About James Perloff

Freelance author James Perloff has contributed to *The New American* magazine since 1986. His first book, *The Shadows of Power*, an expose of private influence on American foreign policy, has sold over 100,000 copies.

Mr. Perloff has been a guest on well over 100 radio and television programs to discuss both history and the creation-evolution debate, including such forums as *Beverly LaHaye Today*, *Today's Issues* (American Family Association), and *WorldNetDaily Report*.

[James Perloff](#) has written four books on the elite governing America, on Darwinism, and on the relationships among institutions that dominate American politics from behind the scenes. In [The Shadows of Power](#) Perloff traces the history of the Council on Foreign Relations. In his most recent book, [Truth Is a Lonely Warrior](#), Perloff analyzes how history and current events are leading us toward a world government dictatorship.
