

## **Background of Steven Compton**

I am primarily a civil attorney. I do represent some clients regarding criminal matters in General Sessions Court. I have also represented some clients on civil matters who are currently incarcerated veterans. I was an in house corporate attorney for 20 years. Lost my job as a result of a merger. Hit the streets begrudgingly with my own practice while looking for other jobs in 2010 -11 and then somewhere along the way stopped looking for other jobs and just started trying to perform the work the Lord sent me.
